EDUCATION

Degree/Certificate	Institute/Board	CGPA/%	Year
B.Tech (CSAI)	Netaji Subhas University of Technology, New Delhi	8.58	2023–2027
Class XII (CBSE)	Central Board of Secondary Education	96.4%	2022–2023
Class X (CBSE)	Central Board of Secondary Education	97.2%	2020–2021

EXPERIENCE

Institute for Systems Studies and Analyses (ISSA), DRDO

Dec 2025 – Jan 2026

- Contributed to software engineering and system analysis activities at ISSA, DRDO.
- Worked on a Linux-based installer automation framework to streamline software deployment and configuration workflows.
- Automated software installation and configuration processes, improving deployment reliability and reducing manual intervention.

PROJECTS

PlacementPilot – One Stop Solution for Students

— FastAPI, React.js, PostgreSQL, Gmail API

- Built an interactive dashboard which extract structured information such as company name, role, CTC, deadlines, application links from users' placement emails having different formats and layouts.
- Implemented **Google OAuth 2.0** and integrated the **Gmail API** to securely fetch and organize placement-related emails from users' Gmail accounts.

LoanWise – Intelligent Loan Approval System

— SHAP, ML, Streamlit, Python

- Built an intelligent loan approval system that combines machine learning, explainable AI to predict loan eligibility and provide personalized recommendations for improving approval chances.
- Trained and compared multiple machine learning and selected the best-performing model with over **95%** validation accuracy.
- Integrated **SHAP** to explain prediction results and used the **Gemini API** to provide personalized suggestions.

ResearchHELP – AI-Powered Research Paper Copilot

— Groq LLM, RAG, Python, Streamlit

- Developed an AI-powered **Retrieval-Augmented Generation (RAG)** system supporting 3 document formats (PDF, DOCX, TXT) with semantic search over uploaded research documents.
- Integrated Groq LLM to generate context-aware responses with streaming output and multi-session chat support.

SKILLS

Technical Skills: C++, Python, Machine Learning

Tools & IDEs: VS Code, Microsoft Excel

Relevant Coursework: Data Structures, Algorithms & Coding, Operating Systems, DBMS, SQL

Soft Skills: Problem Solving, Leadership, Team Management, Communication, Collaboration

CERTIFICATIONS

- Machine Learning Onramp - MathWorks – **Certificate**
- Supervised Machine Learning: Regression and Classification - Stanford University – **Certificate**

EXTRA-CURRICULAR ACTIVITIES

Team Leader – Data Entry Team, National Service Scheme (NSS)

July 2024 – September 2024

- Led a team of 40 students in managing and entering data for NSS activities and events. Ensured data accuracy and timely submission for institutional records.

Inter-College Kabaddi Competition

- Represented the college in the Inter-College Kabaddi Competition and secured 1st place, demonstrating collaboration and competitive spirit.
